## HOUSE WANTS BILL

OKLAHOMA SENATE DEFERS ACTION ON REQUEST.

### RETURN IS POSTPONED

Oklahoma Prohibition Enforcement Bill Subject of Speeches by Members of Upper Branch.

Guthrie, Ok., March 18.—By a vote of 24 to 16 the senate today postponed action upon the house's request for the return of the prohibition enforcement bill so it, the house, could give it further consideration. By the same vote the senate also refused to make the bill by Senator Little and others, for a straight enforcement law, without a dispensary, a special order for tomorrow morning. Action by the senate on the house's request came after a committee named last night in the senate caucus had been in consultation with Speaker Murray and a committee of the house this afternoon in an endeavor to have the house recede from its position in requesting return of the bill.

The house committee refused to change its attitude, and in plain words, told the senate's deputation that the house was weary of the way the bill was being treated in the senate.

It was unofficially understood as was stated upon the floor of the senate this afternoon, that the house would if given possession of the bill, divided it as suggested in the message of Mr. Murray yesterday.

In making the motion to postpone action until Friday afternoon, Senator Billups, author of the bill, did not explain why delay was wanted. Senator Taylor of Chickasha delivered a vigorous exhortation, in which he said the delay was for the purpose of allowing the managers to repair their broken fences, and "to place a grogshop at every crossroads in Oklahoma."

"The various manipulations causes doubt," said the Senator from Chickasha, "as to the sincerity behind this bill for prohibition. The house has asked for an opportunity to send a bill here which we know would pass, and we find the managers of the legislation refusing to permit it."

Senator Stewart, lately returned from Antlers, said the people were calling for some machinery which would keep whisky out of the country and not to bring it in.

"We of the Indian Territory side of the state," said Senator Stewart, "have lived there for forty years without a dispensary and don't find a necessity for it now."

He was asked if he had talked to the boys at the "forks" and he said that he had, and that they were not in favor of the "crossroad grogshop plan."

Senator Redwine, who represents the McAlester district, went on record for his 37,000 people as favoring a dispensary, and Senator Roddie charged that the house leaders who wanted the bill returned were known to favor the South Carolina plan of dispensary, which, according to the senator from Ada, was about the same as an open saloon.

Senator Memminger of Atoka offered a resolution recommending the bill to the senate committee with instructions to report two measures, one an enforcement code and a dispensary system, the former to bear the emergency clause and the latter to be submitted to the people. The resolution was ruled out of order because the bill was not before the body for consideration.

Friends of the measure tonight say they hope to have their voting strength here by Friday afternoon, when they will ask the Senate to adopt the emergency clause added by the house. If it does not, the disposition is not to oppose the return of the bill to the house as per the request of today. It is stated by one of the advocates that some of the senate support has been driven away by the house offering to divide the bill which the so-called insurgents have been laboring for.

The senate also considered the bill by Senator Franklin enacting a code for the state commissioner of labor and opposition developed to the creation of the office of statistician at a salary of \$1,500 per annum. Senators

Blair and Matthews called to the senate's attention that another legislature was to follow in the wake of this and urged the present body to leave something for them to do.

Both senators, as well as Senator Stewart, said the legislature was being severely criticised for creating offices. The necessity of the place was shown by Senator Franklin, who presented a list of a thousand factories in Oklahoma, from which he said valuable statistics could be gathered. Senator Stewart said if sawmills and cotton gins were included as factories, that number might exist, otherwise Oklahoma was an unexplored field in manufacturing establishments.

A favorable report was made in the senate upon the bill by Senator Stewart creating an East Oklahoma insane asylum.

The house recommended for passage the bill by Mr. Chastain providing for terms of the county court of Seminole county to be held in Wewoka and Konawa. It passed finally the bill by Senator Hatchett for the transfer of the corporation records from the clerks of the Indian Territory courts to the office of the Secretary of state.

A guest of the house today was ex-Gov. Guy of Sulphur.

### Board Names Its Secretary.

Guthrie, Ok., March 18.—The state board of agriculture today elected Charles F. Barrett, a newspaper man of Shawnee, secretary of the board, succeeding B. J. Waugh, who resigned yesterday. Mr. Barrett has been prominently connected with the National Guard of the state and at the time of his election was one of the messengers of the senate. J. H. Connell of Dallas, with whom the board intended to temporarily fill the vacancy, will take charge of the A. and M. College in September.

The board also selected nine live stock inspectors, in addition to seven appointed last November. They are J. E. Harston of Lookaba, Jesse King of Ingersoll, L. K. Reynolds of Oklahoma City, R. D. Marr of Haskell, O. D. Keiser of Jennings, William Brown of Taloga, Gus Harris of Hugo, Thomas Thornton of Lexington and Thomas Neal of Coweta. There were 116 applicants.

### Wagoner County Seat Election.

Guthrie, Ok., March 18.—Gov. Haskell today signed a proclamation calling an election for the permanent location of the county seat of Wagoner county to be held May 23. The town of Coweta presented the petition and its name will go on the ballots as well as that of the town of Wagoner.

Proclamations were also issued for special elections in Claremore, April 7 and in Pauls Valley and Krebs April 14 in connection with their transition to cities of the first class.

### Murley's Majority Three.

Guthrie, Ok., March 18.—As a forecast of what the house committee on privileges and elections will report, it is announced the recount of the ballots cast in the Alfalfa county election show Murley, the democratic candidate for the legislature to have been elected by 235 majority. By excluding all of the precincts in question, Murley's majority is three.

### To Confer on Appropriations.

Guthrie, Ok., March 18.—The house and senate have thrown the general appropriation bill into a conference committee, being on part of the house. Representatives Whitehurst, Durant and McCall and on part of the senate, Senators Stafford, Redwine and Russell.

The house and senate bills are between \$50,000 and \$60,000 apart.

### BOLD ROBBERIES IN ADA.

Dentists and Doctors Are the Victims of the Midnight Marauders.

Wednesday night after 11 o'clock, the offices of Drs. Erb and Saffarans, who have their dental offices upstairs in the brick buildings on opposite sides of Main and Broadway, were each robbed of gold, platinum and other accessories of their profession, to the amount of about \$25 each. From the offices of Drs. Browall and Faust in the Biles block, a handsome rug, valued at \$25 was stolen.

These robberies occurred in the center of the business district of Ada, and the thievery was certainly bold. It is not known how an entrance was effected, but that the robberies occurred after 11 o'clock is certain, as some of the offices were occupied up to about that time.

## BIG JOB START- ING NEW STATE

GOVERNOR HASKELL TELLS ST. LOUIS NEWSPAPER MAN.

### HIS WIFE BRINGS LUNCH

No Spare Time for Executive Force at State House These Days.

While on a visit to St. Louis the past week, where he was a guest of the St. Louis Club, Gov. C. N. Haskell, in an interview with a reporter for the St. Louis Post Dispatch, gave some idea of the big job starting a new state.

"It would be a long time between meals for Gov. Charles N. Haskell, of Oklahoma, if it were not for his wife. The governor told some business men here that it's no easy task governing a new state. Office hours begin at 9 o'clock in the morning and they last until 11 at night, and I would never get lunch if my wife didn't bring it over to the executive chamber," said the governor.

Oklahoma's governor is a sturdy built, ruddy faced man of medium height, who looks to be about 45 years old. He has a smooth-shaven face and lots of hair. He used to be a newspaper man. He has a breezy, cordial manner.

"Being governor of a new state is a much tougher job than that of an old state," said Mr. Haskell yesterday as he sat in the directors' room of the Commonwealth Trust company. "In wealth and population we are ahead of twenty-two other states and yet we didn't have anything organized when we began except some schools. Our convicts are kept somewhere in Kansas. We have 180 crazy people near St. Louis. We haven't a state prison or any insane asylums, and these classes of people have to be taken care of by private contract. Then there are deaf and dumb and blind people to be cared for. Ordinarily a new state has all its counties organized. Out of our seventy-five counties, forty-nine began their existence and local government at the time the state began it. It's a different proposition when a governor steps up to the throttle of machinery that has been in running order for years. But in our state we are up against the proposition of organizing things at every turn. So you can easily imagine, we don't have any spare time at the state capital these days. Everything is going to come out all right, but we have good, hard work ahead of us.

#### Doing Things at Home.

"I think we can say we are doing things in Oklahoma. Our bank insurance system is attracting attention everywhere. Incidentally, it is attracting deposits from other states. The plan went into effect on February 14. The law provides that state banks shall insure their deposits by placing 1 per cent of their amount with the treasurer of the state. In the event, of a failure we shall use this fund to make up the loss to the depositors. As a matter of fact, the history of banking indicates that 1 per cent will cover the losses for more than ten years. While the insurance

plan is compulsory with the state banks, all state banks save one, and a portion of the national banks, have come under the system. The one state bank holding out is a small one that the national banks are using as a test case. In addition to our insurance feature, we have a very rigid system of inspection and regulation. The Enid National bank of Enid, Okla., which is under the new insurance plan, received a \$4,000 time deposit from Nebraska. A state bank at Woodward received deposits, respectively, of \$1-200 and \$2,000 from Wichita, Kas. So instead of driving capital out of the state, the new plan is bringing it in from other states. The bank deposits of the state now amount to about \$70,000,000.

#### Prohibition is Enforced.

"Prohibition is being enforced under the constitutional provision. Some bootlegging is going on, but we will have no trouble in enforcing the law to the letter when we get some legislation providing for details, such as the right to seize goods. We expect to get that in a few weeks. "One very gratifying thing is that the public service corporations and the insurance companies are complying with our laws and regulations without any trouble. We are not at war with the corporations. "As for our financial, commercial and industrial conditions, I think it is better than that of the average state. The financial depression did not leave much of an effect on us. There is much St. Louis capital in Oklahoma, particularly in the eastern section."

Ada, Okla., March 16, 1908.

I. J. C. Cates, County Treasurer, of Pontotoc County, Okla., hereby give notice as the law directs, that I have money with which to pay all county warrants, which has been by me duly registered up to and including date of March 16, 1908.

d&w J. C. CATES, County Treasurer.

#### Geronimo Must Not Leave.

Washington, March 18.—Old Geronimo, the Apache chief, must remain on the reservation near Lawton, Ok., this summer. At least he will not be permitted to travel with a Wild West show. Application was made by the 101 ranch people to the Indian office

for permission to take Geronimo as a special feature of their Wild West show. Commissioner Leupp denied the application today. He said that while he was in favor of the Indians getting out and making a living for themselves, he was opposed to parading before the American people such Indians as Geronimo, who were noted only for their belligerency and the number of white scalps they have taken.

#### SUMMER SCHOOL AT UNIVERSITY

Normal Will Begin June 15 and Run Until August 15—Fourth of the Years Work to Be Given.

Norman, Okla., March 18.—For the benefit of teachers and others who wish to make up work which may count toward a degree the university has organized a summer school, beginning June 15, 1908, closing August 15, 1908, an eight weeks term. This is not a county institute but a special term of regular university work given by university professors and prominent teachers of the state. Courses are so arranged that a fourth of the year's regular work may be completed in the time. The university library, laboratories, shops, etc., will be utilized.

The university grounds are shady and the buildings are cool in summer. Teachers will find here an opportunity to refresh themselves for the next year's teaching. A teachers' agency will be maintained for the benefit of those who enroll. Some courses yet to be added will depend on the demand of students and teachers.

#### Gore Gets Agricultural Berth.

Washington, March 18.—Senator Gore got his first promotion yesterday. The death of Senator Lattimer of South Carolina made a vacancy on the agricultural committee and this vacancy was given to Senator Gore, who surrenders his place on the committee on privileges and elections.

It is not often that the committee on privileges and elections meets while the agricultural committee is almost constantly at work. The new assignment gives Senator Gore excellent opportunity to work for the agricultural interests of Oklahoma.

## MILLINERY AND MUSIC.

Elegant Display of Latest Styles of Ladies' Hats and Ornaments.

The millinery department of the Grand Leader, is in charge of Miss Adams an expert artist in fashioning the lovely creations in hats so becoming to ladies. Yesterday was the opening of the millinery department at the Grand Leader, and visitors thronged the spacious store room during the day and at evening. The decorations were artistic and unique, the place presenting an appearance more of a bower for some festive occasion than the display of even lovely wares for staid business. Among the many styles of tailored hats on display, were the Gold Medal, and there all kinds of lovely designs temptingly trimmed with taste.

Miss Adams was gracious in the entertainment of visitors and took special delight in giving them the benefit of her experience in the most becoming adornments.

A large and beautiful line of hats, and a stock of lively ornaments used by ladies in their adornment, were displayed, and that the visitors appreciated this effort to please them was evidenced by the many purchases made, as the trade was most satisfactory.

Souvenirs in Japanese designs were given away to visitors to the Grand Leader millinery display, and in the evening they were regaled with music. The opening was a grand success and on a more pretentious scale than usual on such occasions in cities the size of Ada.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. ## The Ada Hardware Company's Double Stocks and Stores Are Complete.

Since the Ada Hardware Company purchased the furniture stock of W. C. Duncan, that adjoined the hardware store, the two have been thrown into one large store room by cutting an archway in the partition. The upstairs of the two store rooms have been similarly converted. This gives a floor space below of 50x100 feet and upstairs of 25x50. In addition, there are two warehouses 125x150 feet for storing the bulk of the \$12,000 stock of goods carried by the company.

W. G. Broadfoot and E. H. McKendrick are in charge of the Ada Hardware Company's business, and they thoroughly understand it. They have rearranged the furniture and undertaking stocks. The latter has been moved upstairs and added to, making it complete in every arrangement.

The samples of all the numerous articles in a furniture stock have been

systematically and conveniently arranged so as to present them to best advantage and enabling the purchaser to conveniently inspect the goods.

In combining the hardware and furniture stocks, neither will be lessened but increased, while the company is enabled by this combination to give its customers the benefit of the low prices secured by large wholesale purchases of hardware and furniture.

## "DEAD OR ALIVE"

### MANHUNTERS SHY AT "ARREST AND CONVICTION."

#### STARR SAID TO LEAD

None Yet Have Taken Trail of Tyro Bank Robbers—Bandits Camped Within Ten Miles of Bartlesville.

Bartlesville, Ok., March 18.—It is stated tonight by D. F. Wallace, county commissioner of Washington county, and formerly a receiver under Orle Morse of the Uncle Sam Oil company, that Tyro, Kas., bank robbers, supposed to be headed by Henry Starr, are camping within ten miles of this city, on Panther creek in the Osage country.

Wallace returned to his home here tonight from a business trip out on Panther creek. He not only declares that the outlaws have changed their hiding place from the hills along Hominy creek, but says that the third and heretofore unknown member of the gang is one of the Wycliffe boys from the Spavinaw hills country.

"It was told today by one of Starr's best friends in the Osage country," said Wallace, "that Starr was trying to get tot this camp when he was headed off by the posse at Wann, Friday afternoon, and was forced to go to the Keeler ford, across the Caney, below this city before he could cross, and that put him into the lower part of the Osage country.

#### Good Hiding Place.

"Two months ago Starr and four other men were encamped on Panther creek, northwest of this city. Their discovery there and the publication of the fact in Bartlesville caused them to break camp. I do not know that my informant knew what he was talking about, he told me Henry Starr had seen him this morning and asked him if Panther was guarded near the north end. I saw where the men were camped last night. In view of the fact that the men were in camp out here two months ago and undoubtedly have food supplies laid away there and the additional fact that Starr was headed for this country when turned out of his path at Wann, I am inclined to believe the story."

The caves and bluffs and gullies in the Panther creek country west and north of here afford even better hiding places for outlaws than the south part of the Osage country, and then those who know Starr argue that he would be liable to leave a part of the country where he is closely pressed. No posse left Bartlesville today looking for the outlaws and the old man-hunters are showing no disposition to prepare for the trip. Not till the rewards offered contain the old dead or alive clause of territorial days will the man-hunters of reputation take up the chase.

#### Starr a Dead Shot.

The ex-marshals who have been killing outlaws for rewards in this section for twenty years do not like the words arrest and conviction which the burglary insurance companies and states write into their offers of rewards. One of these old-timers said tonight:

"The man who goes after Henry Starr to bring him in alive and then wait for a conviction for his reward

has no snap. Starr boasted here this winter that he did not intend to be taken alive again, and those who know him and know of his accurate marksmanship know that he would not submit to arrest. Under the rewards as offered now the man who kills Starr earns nothing except the enmity of the bandit's friends and relatives, of whom there are many.

"Besides, I have seen Starr hit a target not larger than a man seven times out of eleven at a quarter of a mile, and that is pretty fair shooting for this kind of a fight. If Kansas or the burglary insurance companies will offer \$1,000 for the men dead or alive they will be delivered in two weeks."

## HOUSE WANTS BILL

OKLAHOMA SENATE DEFERS ACTION ON REQUEST.

### RETURN IS POSTPONED

Oklahoma Prohibition Enforcement Bill Subject of Speeches by Members of Upper Branch.

Guthrie, Ok., March 18.—By a vote of 24 to 16 the senate today postponed action upon the house's request for the return of the prohibition enforcement bill so it, the house, could give it further consideration. By the same vote the senate also refused to make the bill by Senator Little and others, for a straight enforcement law, without a dispensary, a special order for tomorrow morning. Action by the senate on the house's request came after a committee named last night in the senate caucus had been in consultation with Speaker Murray and a committee of the house this afternoon in an endeavor to have the house recede from its position in requesting return of the bill.

The house committee refused to change its attitude, and in plain words, told the senate's deputation that the house was weary of the way the bill was being treated in the senate.

It was unofficially understood as was stated upon the floor of the senate this afternoon, that the house would if given possession of the bill, divided it as suggested in the message of Mr. Murray yesterday.

In making the motion to postpone action until Friday afternoon, Senator Billups, author of the bill, did not explain why delay was wanted. Senator Taylor of Chickasha delivered a vigorous exhortation, in which he said the delay was for the purpose of allowing the managers to repair their broken fences, and "to place a grogshop at every crossroads in Oklahoma."

"The various manipulations causes doubt," said the Senator from Chickasha, "as to the sincerity behind this bill for prohibition. The house has asked for an opportunity to send a bill here which we know would pass, and we find the managers of the legislation refusing to permit it."

Senator Stewart, lately returned from Antlers, said the people were calling for some machinery which would keep whisky out of the country and not to bring it in.

"We of the Indian Territory side of the state," said Senator Stewart, "have lived there for forty years without a dispensary and don't find a necessity for it now."

He was asked if he had talked to the boys at the "forks" and he said that he had, and that they were not in favor of the "crossroad grogshop plan."

Senator Redwine, who represents the McAlester district, went on record for his 37,000 people as favoring a dispensary, and Senator Roddie charged that the house leaders who wanted the bill returned were known to favor the South Carolina plan of dispensary, which, according to the senator from Ada, was about the same as an open saloon.

Senator Memminger of Atoka offered a resolution recommending the bill to the senate committee with instructions to report two measures, one an enforcement code and a dispensary system, the former to bear the emergency clause and the latter to be submitted to the people. The resolution was ruled out of order because the bill was not before the body for consideration.

Friends of the measure tonight say they hope to have their voting strength here by Friday afternoon, when they will ask the Senate to adopt the emergency clause added by the house. If it does not, the disposition is not to oppose the return of the bill to the house as per the request of today. It is stated by one of the advocates that some of the senate support has been driven away by the house offering to divide the bill which the so-called "insurgents" have been laboring for.

The senate also considered the bill by Senator Franklin enacting a code for the state commissioners of labor and opposition developed to the creation, of the office of statistician at a salary of \$1,500 per annum. Senators

Blair and Matthews called to the senate's attention that another legislature was to follow in the wake of this and urged the present body to leave something for them to do.

Both senators, as well as Senator Stewart, said the legislature was being severely criticised for creating offices. The necessity of the place was shown by Senator Franklin, who presented a list of a thousand factories in Oklahoma, from which he said valuable statistics could be gathered. Senator Stewart said if sawmills and cotton gins were included as factories, that number might exist, otherwise Oklahoma was an unexplored field in manufacturing establishments.

A favorable report was made in the senate upon the bill by Senator Stewart creating an East Oklahoma insane asylum.

The house recommended for passage the bill by Mr. Chastain providing for terms of the county court of Seminole county to be held in Wewoka and Konawa. It passed finally the bill by Senator Hatchett for the transfer of the corporation records from the clerks of the Indian Territory courts to the office of the Secretary of state.

A guest of the house today was ex-Gov. Guy of Sulphur.

### Board Names Its Secretary.

Guthrie, Ok., March 18.—The state board of agriculture today elected Charles F. Barrett, a newspaper man of Shawnee, secretary of the board, succeeding E. J. Vaughn, who resigned yesterday. Mr. Barrett has been prominently connected with the National Guard of the state and at the time of his election was one of the messengers of the senate. J. H. Connell of Dallas, with whom the board intended to temporarily fill the vacancy, will take charge of the A. and M. College in September.

The board also selected nine live stock inspectors, in addition to seven appointed last November. They are J. E. Harston of Lookaba, Jesse King of Ingersoll, L. K. Reynolds of Oklahoma City, R. D. Marr of Haskell, O. D. Keiser of Jennings, William Brown of Taloga, Gus Harris of Hugo, Thomas Thornton of Lexington and Thomas Neal of Coweta. There were 116 applicants.

### Wagoner County Sent Election.

Guthrie, Ok., March 18.—Gov. Haskell today signed a proclamation calling an election for the permanent location of the county seat of Wagoner county to be held May 23. The town of Coweta presented the petition and its name will go on the ballots as well as that of the town of Wagoner.

Proclamations were also issued for special elections in Claremore, April 7 and in Pauls Valley and Krebs April 14 in connection with their transition to cities of the first class.

### Murley's Majority Three.

Guthrie, Ok., March 18.—As a forecast of what the house committee on privileges and elections will report, it is announced the recount of the ballots cast in the Alfalfa county election show Murley, the democratic candidate for the legislature to have been elected by 235 majority. By excluding all of the precincts in question, Murley's majority is three.

### To Confer on Appropriations.

Guthrie, Ok., March 18.—The house and senate have thrown the general appropriation bill into a conference committee, being on part of the house Representatives Whitehurst, Durant and McCall and on part of the senate, Senators Stafford, Redwine and Russell.

The house and senate bills are between \$50,000 and \$60,000 apart.

### BOLD ROBBERIES IN ADA.

Dentists and Doctors Are the Victims of the Midnight Marauders.

Wednesday night after 11 o'clock, the offices of Drs. Erb and Saffarans, who have their dental offices upstairs in the brick buildings on opposite sides of Main and Broadway, were each robbed of gold, platinum and other accessories of their profession, to the amount of about \$25 each. From the offices of Drs. Brown and Faust in the Biles block, a handsome rug, valued at \$25 was stolen.

These robberies occurred in the center of the business district of Ada, and the thievery was certainly bold. It is not known how an entrance was effected, but that the robberies occurred after 11 o'clock is certain, as some of the offices were occupied up to about that time.

## BIG JOB START- ING NEW STATE

GOVERNOR HASKELL TELLS ST. LOUIS NEWSPAPER MAN.

### HIS WIFE BRINGS LUNCH

No Spare Time for Executive Force at State House These Days.

While on a visit to St. Louis the past week, where he was a guest of the St. Louis Club, Gov. C. N. Haskell, in an interview with a reporter for the St. Louis Post Dispatch, gave some idea of the big job starting a new state.

"It would be a long time between meals for Gov. Charles N. Haskell, of Oklahoma, if it were not for his wife. The governor told some business men here that it's no easy task governing a new state. Office hours begin at 9 o'clock in the morning, and they last until 12 at night, and I would never get lunch if my wife didn't bring it over to the executive chamber," said the governor.

Oklahoma's governor is a sturdy built, ruddy faced man of medium height, who looks to be about 45 years old. He has a smooth-shaven face and lots of hair. He used to be a newspaper man. He has a breezy, cordial manner.

"Being governor of a new state is a much tougher job than that of an old state," said Mr. Haskell yesterday as he sat in the directors' room of the Commonwealth Trust company. "In wealth and population we are ahead of twenty-two other states and yet we didn't have anything organized when we began except some schools. Our convicts are kept somewhere in Kansas. We have 130 crazy people near St. Louis. We haven't a state prison or any insane asylums, and these classes of people have to be taken care of by private contract. Then there are deaf and dumb and blind people to be cared for. Ordinarily a new state has all its counties organized. Out of our seventy-five counties, forty-nine began their existence and local government at the time the state began it. It's a different proposition when a governor steps up to the throttle of machinery that has been in running order for years. But in our state we are up against the proposition of organizing things at every turn. So you can easily imagine, we don't have any spare time at the state capital these days. Everything is going to come out all right, but we have good, hard work ahead of us."

#### Doing Things at Home.

"I think we can say we are doing things in Oklahoma. Our bank insurance system is attracting attention everywhere. Incidentally, it is attracting deposits from other states. The plan went into effect on February 14. The law provides that state banks shall insure their deposits by placing 1 per cent of their amount with the treasurer of the state. In the event of a failure we shall use this fund to make up the loss to the depositors. As a matter of fact, the history of banking indicates that 1 per cent will cover the losses for more than ten years. While the insurance

plan is compulsory with the state banks, all state banks save one, and a portion of the national banks, have come under the system. The one state bank holding out is a small one that the national banks are using as a test case. In addition to our insurance feature, we have a very rigid system of inspection and regulation. The Enid National bank of Enid, Okla., which is under the new insurance plan, received a \$4,000 time deposit from Nebraska. A state bank at Woodward received deposits, respectively, of \$1,200 and \$2,000 from Wichita, Kas. So instead of driving capital out of the state, the new plan is bringing it in from other states. The bank deposits of the state now amount to about \$70,000,000.

**Prohibition is Enforced.**  
"Prohibition is being enforced under the constitutional provision. Some bootlegging is going on, but we will have no trouble in enforcing the law to the letter when we get some legislation providing for details, such as the right to seize goods. We expect to get that in a few weeks."

"One very gratifying thing is that the public service corporations and the insurance companies are complying with our laws and regulations without any trouble. We are not at war with the corporations."  
"As for our financial, commercial and industrial conditions, I think it is better than that of the average state. The financial depression did not leave much of an effect on us. There is much St. Louis capital in Oklahoma, particularly in the eastern section."

Ada, Okla., March 16, 1908.

I. J. C. Cates, County Treasurer, of Pontotoc County, Okla., hereby give notice as the law directs, that I have money with which to pay all county warrants, which has been by me duly registered up to and including date of March 16, 1908.

#### Geronimo Must Not Leave.

Washington, March 18.—Old Geronimo, the Apache chief, must remain on the reservation near Lawton, Ok., this summer. At least he will not be permitted to travel with a Wild West show. Application was made by the 101 ranch people to the Indian office

for permission to take Geronimo as a special feature of their Wild West show. Commissioner Leupp denied the application today. He said that while he was in favor of the Indians getting out and making a living for themselves, he was opposed to parading before the American people such Indians as Geronimo, who were noted only for their belligerency and the number of white scalps they have taken.

#### SUMMER SCHOOL AT UNIVERSITY

Normal Will Begin June 15 and Run Until August 15—Fourth of the Year's Work to Be Given.

Norman, Okla., March 18.—For the benefit of teachers and others who wish to make up work which may count toward a degree the university has organized a summer school, beginning June 15, 1908, closing August 15, 1908, an eight weeks term. This is not a county institute but a special term of regular university work given by university professors and prominent teachers of the state. Courses are so arranged that a fourth of the year's regular work may be completed in the time. The university library, laboratories, shops, etc., will be utilized.

The university grounds are shady and the buildings are cool in summer. Teachers will find here an opportunity to refresh themselves for the next year's teaching. A teachers' agency will be maintained for the benefit of those who enroll. Some courses yet to be added will depend on the demand of students and teachers.

#### Gore Gets Agricultural Berth.

Washington, March 18.—Senator Gore got his first promotion yesterday. The death of Senator Lattimer of South Carolina made a vacancy on the agricultural committee and this vacancy was given to Senator Gore, who surrenders his place on the committee on privileges and elections.

It is not often that the committee on privileges and elections meets while the agricultural committee is almost constantly at work. The new assignment gives Senator Gore excellent opportunity to work for the agricultural interests of Oklahoma.

Miss Adams was gracious in the entertainment of visitors and took special delight in giving them the benefit of her experience in the most becoming adornments

A large and beautiful line of hats and a stock of lively ornaments used by ladies in their adornment, were displayed, and that the visitors appreciated this effort to please them was evidenced by the many purchases made as the trade was most satisfactory

Souvenirs in Japanese designs were given away to visitors to the Grand Leader millinery display and in the evening they were regaled with music The opening was a grand success and on a more pretentious scale than usual on such occasions in cities the size of Ada

## The Ada Hardware Company's Double Stocks and Stores Are Complete.

Since the Ada Hardware Company purchased the furniture stock of W. C. Duncan, that adjoined the hardware store the two have been thrown into one large store room by cutting an archway in the partition. The upstairs of the two store rooms have been similarly converted. This gives a floor space below of 50x100 feet and upstairs of 25x50. In addition there are two warehouses 125x150 feet for storing the bulk of the \$12,000 stock of goods carried by the company.

W. G. Broadfoot and E. H. McKendrick are in charge of the Ada Hardware Company's business, and they thoroughly understand it. They have rearranged the furniture and undertaken stocks. The latter has been moved upstairs and added to making it complete in every arrangement.

The samples of all the numerous articles in a furniture stock have been

systematically and conveniently arranged so as to present them to best advantage and enabling the purchaser to conveniently inspect the goods.

In combining the hardware and furniture stocks, neither will be lessened but increased, while the company is enabled by this combination to give its customers the benefit of the low prices secured by large wholesale purchases of hardware and furniture.

McRae & Whitesides have on display in their window a refrigerator which beginning March 20th, will be reduced in price \$1.00 each day until sold. Take a look when you pass it.

### MANHUNTERS SHY AT "ARREST AND CONVICTION."

#### STARR SAID TO LEAD

None Yet Have Taken Trail of Tyro Bank Robbers—Bandits Camped Within Ten Miles of Bartlesville.

Bartlesville, Ok., March 18—It is stated tonight by D. F. Wallace, county commissioner of Washington county and formerly a receiver under Orle Morse of the Uncle Sam Oil company, that Tyro, Kas. bank robbers supposed to be headed by Henry Starr are camping within ten miles of this city on Panther creek in the Osage country.

Wallace returned to his home here tonight from a business trip out on Panther creek. He not only declares that the outlaws have changed their hiding place from the hills along Hominy creek but says that the third and heretofore unknown member of the gang is one of the Wycliffe boys from the Spawmaw hills country.

It was told today by one of Starr's best friends in the Osage country said Wallace that Starr was trying to get out this country when he was headed off by the posse at Wann, Friday afternoon and was forced to go to the Keeler ford across the river below this city before he could cross and that he put him into the lower part of the Osage country.

Good Hiding Place.

Two months ago Starr and four other men were captured on Panther creek near west of this city. Their discovery there and the publication of the fact in Bartlesville caused them to break camp. I do not know that my informant knew what he was talking about he told me Henry Starr had seen him this morning and asked him if Panther was guarded near the north end. I saw where the men were camped last night. In view of the fact that the men were in camp out here two months ago and undoubtedly have food supplies laid away there and the additional fact that Starr was headed for this country when turned out of his path at Wann, I am inclined to believe the story.

The caves and bluffs and gullies in the Panther creek country west and north of here afford even better hiding places for outlaws than the south part of the Osage country and then those who know Starr argue that he would be liable to leave a part of the country where he is closely pressed. No posse left Bartlesville today looking for the outlaws and the old man-hunters are showing no disposition to prepare for the trap. Not till the rewards offered contain the old dead or alive clause of territorial days will the man-hunters of reputation take up the chase.

Starr a Dead Shot.

The ex-marshals who have been killing outlaws for rewards in this section for twenty years do not like the words arrest and conviction which the burglary insurance companies and states write into their offers of rewards. One of these old timers said tonight:

The man who goes after Henry Starr to bring him in alive and then wait for a conviction for his reward

has no snap Starr boasted here this winter that he did not intend to be taken alive again, and those who know him and know of his accurate marksmanship know that he would not submit to arrest. Under the rewards as offered now the man who kills Starr earns nothing except the enmity of the bandits' friends and relatives, of whom there are many.

Besides, I have seen Starr hit a target not larger than a man seven times out of eleven at a quarter of a mile, and that is pretty fair shooting for this kind of a fight. If Kansas or the burglary insurance companies will offer \$1,000 for the men dead or alive they will be delivered in two weeks.

#### New Testament Conversions.

Evangelist Ewell will preach tonight at the First Christian church on the subject of New Testament Conversions. Service begins at 7:30. There will be a baptismal service at the close of the sermon at which time it is hoped that all who are candidates for baptism will be ready.

Tonight will be one of the most interesting of all the services so far as several have announced their desire of becoming christians tonight.

It will be a time when every member should be present and enjoy the victory.

There will be no afternoon services for the rest of this week but the time will be used by the church for personal work to win souls.

Don't miss tonight's service.

## HOUSE WANTS BILL

OKLAHOMA SENATE DEFERS ACTION ON REQUEST.

### RETURN IS POSTPONED

Oklahoma Prohibition Enforcement Bill Subject of Speeches by Members of Upper Branch.

Guthrie, Ok., March 18.—By a vote of 24 to 16 the senate today postponed action upon the house's request for the return of the prohibition enforcement bill so it, the house, could give it further consideration. By the same vote the senate also refused to make the bill by Senator Little and others, for a straight enforcement law, without a dispensary, a special order for tomorrow morning. Action by the senate on the house's request came after a committee named last night in the senate caucus had been in consultation with Speaker Murray and a committee of the house this afternoon in an endeavor to have the house recede from its position in requesting return of the bill.

The house committee refused to change its attitude, and in plain words, told the senate's deputation that the house was weary of the way the bill was being treated in the senate.

It was unofficially understood as was stated upon the floor of the senate this afternoon, that the house would if given possession of the bill, divided it as suggested in the message of Mr. Murray yesterday.

In making the motion to postpone action until Friday afternoon, Senator Billups, author of the bill, did not explain why delay was wanted. Senator Taylor of Chickasha delivered a vigorous exhortation, in which he said the delay was for the purpose of allowing the managers to repair their broken fences, and "to place a grogshop at every crossroads in Oklahoma."

"The various manipulations causes doubt," said the Senator from Chickasha, "as to the sincerity behind this bill for prohibition. The house has asked for an opportunity to send a bill here which we know would pass, and we find the managers of the legislation refusing to permit it."

Senator Stewart, lately returned from Antlers, said the people were calling for some machinery which would keep whisky out of the country and not to bring it in.

"We of the Indian Territory side of the state," said Senator Stewart, "have lived there for forty years without a dispensary and don't find a necessity for it now."

He was asked if he had talked to the boys at the "forks" and he said that he had, and that they were not in favor of the "crossroad grogshop plan."

Senator Redwine, who represents the McAlester district, went on record for his 37,000 people as favoring a dispensary, and Senator Roddie charged that the house leaders who wanted the bill returned were known to favor the South Carolina plan of dispensary, which, according to the senator from Ada, was about the same as an open saloon.

Senator Memminger of Atoka offered a resolution recommending the bill to the senate committee with instructions to report two measures, one an enforcement code and a dispensary system, the former to bear the emergency clause and the latter to be submitted to the people. The resolution was ruled out of order because the bill was not before the body for consideration.

Friends of the measure tonight say they hope to have their voting strength here by Friday afternoon, when they will ask the Senate to adopt the emergency clause added by the house. If it does not, the disposition is not to oppose the return of the bill to the house as per the request of today. It is stated by one of the advocates that some of the senate support has been driven away by the house offering to divide the bill which the so-called "insurgents" have been laboring for.

The senate also considered the bill by Senator Franklin enacting a code for the state commissioners of labor and opposition developed to the creation, of the office of statistician at a salary of \$1,500 per annum. Senators

Blair and Matthews called to the senate's attention that another legislature was to follow in the wake of this and urged the present body to leave something for them to do.

Both senators, as well as Senator Stewart, said the legislature was being severely criticised for creating offices. The necessity of the place was shown by Senator Franklin, who presented a list of a thousand factories in Oklahoma, from which he said valuable statistics could be gathered. Senator Stewart said if sawmills and cotton gins were included as factories, that number might exist, otherwise Oklahoma was an unexplored field in manufacturing establishments.

A favorable report was made in the senate upon the bill by Senator Stewart creating an East Oklahoma insane asylum.

The house recommended for passage the bill by Mr. Chastain providing for terms of the county court of Seminole county to be held in Wewoka and Konawa. It passed finally the bill by Senator Hatchett for the transfer of the corporation records from the clerks of the Indian Territory courts to the office of the Secretary of state.

A guest of the house today was ex-Gov. Guy of Sulphur.

### Board Names Its Secretary.

Guthrie, Ok., March 18.—The state board of agriculture today elected Charles F. Barrett, a newspaper man of Shawnee, secretary of the board, succeeding B. J. Vaughn, who resigned yesterday. Mr. Barrett has been prominently connected with the National Guard of the state and at the time of his election was one of the messengers of the senate. J. H. Connell of Dallas, with whom the board intended to temporarily fill the vacancy, will take charge of the A. and M. College in September.

The board also selected nine live stock inspectors, in addition to seven appointed last November. They are J. E. Harston of Lookaba, Jesse King of Ingersoll, L. K. Reynolds of Oklahoma City, R. D. Marr of Haskell, O. D. Keiser of Jennings, William Brown of Taloga, Gus Harris of Hugo, Thomas Thornton of Lexington and Thomas Neal of Coweta. There were 116 applicants.

### Wagoner County Sent Election.

Guthrie, Ok., March 18.—Gov. Haskell today signed a proclamation calling an election for the permanent location of the county seat of Wagoner county to be held May 23. The town of Coweta presented the petition and its name will go on the ballots as well as that of the town of Wagoner.

Proclamations were also issued for special elections in Claremore, April 7 and in Pauls Valley and Krebs April 14 in connection with their transition to cities of the first class.

### Murley's Majority Three.

Guthrie, Ok., March 18.—As a forecast of what the house committee on privileges and elections will report, it is announced the recount of the ballots cast in the Alfalfa county election show Murley, the democratic candidate for the legislature to have been elected by 235 majority. By excluding all of the precincts in question, Murley's majority is three.

### To Confer on Appropriations.

Guthrie, Ok., March 18.—The house and senate have thrown the general appropriation bill into a conference committee, being on part of the house Representatives Whitehurst, Durant and McCall and on part of the senate, Senators Stafford, Redwine and Russell.

The house and senate bills are between \$50,000 and \$60,000 apart.

### BOLD ROBBERIES IN ADA.

Dentists and Doctors Are the Victims of the Midnight Marauders.

Wednesday night after 11 o'clock, the offices of Drs. Erb and Saffarans, who have their dental offices upstairs in the brick buildings on opposite sides of Main and Broadway, were each robbed of gold, platinum and other accessories of their profession, to the amount of about \$25 each. From the offices of Drs. Brown and Faust in the Biles block, a handsome rug, valued at \$25 was stolen.

These robberies occurred in the center of the business district of Ada, and the thievery was certainly bold. It is not known how an entrance was effected, but that the robberies occurred after 11 o'clock is certain, as some of the offices were occupied up to about that time.

## BIG JOB START- ING NEW STATE

GOVERNOR HASKELL TELLS ST. LOUIS NEWSPAPER MAN.

### HIS WIFE BRINGS LUNCH

No Spare Time for Executive Force at State House These Days.

While on a visit to St. Louis the past week, where he was a guest of the St. Louis Club, Gov. C. N. Haskell, in an interview with a reporter for the St. Louis Post Dispatch, gave some idea of the big job starting a new state.

"It would be a long time between meals for Gov. Charles N. Haskell, of Oklahoma, if it were not for his wife. The governor told some business men here that it's no easy task governing a new state. Office hours begin at 9 o'clock in the morning and they last until 11 at night, and I would never get lunch if my wife didn't bring it over to the executive chamber," said the governor.

Oklahoma's governor is a sturdy built, ruddy faced man of medium height, who looks to be about 45 years old. He has a smooth-shaven face and lots of hair. He used to be a newspaper man. He has a breezy, cordial manner.

"Being governor of a new state is a much tougher job than that of an old state," said Mr. Haskell yesterday as he sat in the directors' room of the Commonwealth Trust company. "In wealth and population we are ahead of twenty-two other states and yet we didn't have anything organized when we began except some schools. Our convicts are kept somewhere in Kansas. We have 180 crazy people near St. Louis. We haven't a state prison or any insane asylums, and these classes of people have to be taken care of by private contract. Then there are deaf and dumb and blind people to be cared for. Ordinarily a new state has all its counties organized. Out of our seventy-five counties, forty-nine began their existence and local government at the time the state began it. It's a different proposition when a governor steps up to the throttle of machinery that has been in running order for years. But in our state we are up against the proposition of organizing things at every turn. So you can easily imagine, we don't have any spare time at the state capital these days. Everything is going to come out all right, but we have good, hard work ahead of us.

**Doing Things at Home.**  
"I think we can say we are doing things in Oklahoma. Our bank insurance system is attracting attention everywhere. Incidentally, it is attracting deposits from other states. The plan went into effect on February 14. The law provides that state banks shall insure their deposits by placing 1 per cent of their amount with the treasurer of the state. In the event of a failure we shall use this fund to make up the loss to the depositors. As a matter of fact, the history of banking indicates that 1 per cent will cover the losses for more than ten years. While the insurance

plan is compulsory with the state banks, all state banks save one, and a portion of the national banks, have come under the system. The one state bank holding out is a small one that the national banks are using as a test case. In addition to our insurance feature, we have a very rigid system of inspection and regulation. The First National bank of Enid, Okla., which is under the new insurance plan, received a \$4,000 time deposit from Nebraska. A state bank at Woodward received deposits, respectively, of \$1,200 and \$2,000 from Wichita, Kas. So instead of driving capital out of the state, the new plan is bringing it in from other states. The bank deposits of the state now amount to about \$70,000,000.

**Prohibition is Enforced.**  
"Prohibition is being enforced under the constitutional provision. Some bootlegging is going on, but we will have no trouble in enforcing the law to the letter when we get some legislation providing for details, such as the right to seize goods. We expect to get that in a few weeks.  
"One very gratifying thing is that the public service corporations and the insurance companies are complying with our laws and regulations without any trouble. We are not at war with the corporations.  
"As for our financial, commercial and industrial conditions, I think it is better than that of the average state. The financial depression did not leave much of an effect on us. There is much St. Louis capital in Oklahoma, particularly in the eastern section."

Ada, Okla., March 16, 1908.  
I. J. Cates, County Treasurer, of Pontotoc County, Okla., hereby give notice as the law directs, that I have money with which to pay all county warrants, which has been by me duly registered up to and including date of March 16, 1908.

**Geronimo Must Not Leave.**  
Washington, March 18.—Old Geronimo, the Apache chief, must remain on the reservation near Lawton, Ok., this summer. At least he will not be permitted to travel with a Wild West show. Application was made by the 101 ranch people to the Indian office

for permission to take Geronimo as a special feature of their Wild West show. Commissioner Leupp denied the application today. He said that while he was in favor of the Indians getting out and making a living for themselves, he was opposed to parading before the American people such Indians as Geronimo, who were noted only for their belligerency and the number of white scalps they have taken.

### SUMMER SCHOOL AT UNIVERSITY

Normal Will Begin June 15 and Run Until August 15—Fourth of the Years Work to Be Given.

Norman, Okla., March 18.—For the benefit of teachers and others who wish to make up work which may count toward a degree the university has organized a summer school, beginning June 15, 1908, closing August 15, 1908, an eight weeks term. This is not a county institute but a special term of regular university work given by university professors and prominent teachers of the state. Courses are so arranged that a fourth of the year's regular work may be completed in the time. The university library, laboratories, shops, etc., will be utilized.

The university grounds are shady and the buildings are cool in summer. Teachers will find here an opportunity to refresh themselves for the next year's teaching. A teachers' agency will be maintained for the benefit of those who enroll. Some courses yet to be added will depend on the demand of students and teachers.

**Gore Gets Agricultural Berth.**  
Washington, March 18.—Senator Gore got his first promotion yesterday. The death of Senator Lattimer of South Carolina made a vacancy on the agricultural committee and this vacancy was given to Senator Gore, who surrenders his place on the committee on privileges and elections.

It is not often that the committee on privileges and elections meets while the agricultural committee is almost constantly at work. The new assignment gives Senator Gore excellent opportunity to work for the agricultural interests of Oklahoma.

**Lovely and Stylish Creations.** Yesterday while the weather was balmy and spring-like, the ladies of Ada and surrounding country availed themselves of its suitableness for the spring opening of millinery by Mrs. J. G. French. The choice stock selected by Mrs. French was most advantageously displayed in artistic effects and it received the interested attention of the many visitors who thronged the store throughout the day and until late at night. One who is a novice in such things cannot give full credit for an admirable display of the many accessories of female adornment to be found in the elegant millinery stock of Mrs. French, but from the large sales made, the visitors evidently found the things they desired.

The styles of hats are many and lovely. One in particular is fetching, it being a Fiske hat of the "Merry Widow" pattern, and trimmed with a magnificent white ostrich feather, chrysanthemums and a large rose shaped bow of white silk. Another pretty hat is one of the Anna Held style in blue and pastel shades. There are many other hats of various styles and latest designs, including the Leghorns. Mrs. French is gratified with the hearty expressions of approval from

**Elegant Display of Latest Styles of Ladies' Hats and Ornaments.**

The millinery department of the Grand Leader, is in charge of Miss Adams an expert artist in fashioning the lovely creations in hats so becoming to ladies. Yesterday was the opening of the millinery department at the Grand Leader, and visitors thronged the spacious store room during the day and at evening. The decorations were artistic and unique, the place presenting an appearance more of a bower for some festive occasion than the display of even lovely wares for staid business. Among the many styles of tailored hats on display, were the Gold Medal, and there all kinds of lovely designs temptingly trimmed with taste.

Miss Adams was gracious in the entertainment of visitors and took special delight in giving them the benefit of her experience in the most becoming adornments.

A large and beautiful line of hats, and a stock of lively ornaments used by ladies in their adornment, were displayed, and that the visitors appreciated this effort to please them was evidenced by the many purchases made, as the trade was most satisfactory.

Souvenirs in Japanese designs were given away to visitors to the Grand Leader millinery display, and in the evening they were regaled with music.

The opening was a grand success and on a more pretentious scale than usual on such occasions in cities the size of Ada.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, and their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative mouth-tablets or liquid—and see what it can and will do for you. Druggist recommend and sell.

## AN EXCELLENT ARRANGEMENT.

The Ada Hardware Company's Double Stocks and Stores Are Complete.

Since the Ada Hardware Company purchased the furniture stock of W. C. Duncan, that adjoined the hardware store the two have been thrown into one large store room by cutting an archway in the partition. The upstairs of the two store rooms have been similarly converted. This gives a floor space below of 50x100 feet and upstairs of 25x50. In addition there are two warehouses 125x150 feet for storing the bulk of the \$12,000 stock of goods carried by the company.

W. G. Broadfoot and E. H. McKenrick are in charge of the Ada Hardware Company's business, and they thoroughly understand it. They have rearranged the furniture and undertaken stocks. The latter has been moved upstairs and added to making it complete in every arrangement.

The samples of all the numerous articles in a furniture stock have been

systematically and conveniently arranged so as to present them to best advantage and enabling the purchaser to conveniently inspect the goods.

In combining the hardware and furniture stocks, neither will be lessened but increased, while the company is enabled by this combination to give its customers the benefit of the low prices secured by large wholesale purchases of hardware and furniture.

McRae & Whitesides have on display in their window a refrigerator which beginning March 20th, will be reduced in price \$1.00 each day until sold. Take a look when you pass it.

Does thou love life? If so, do not squander time, for time is the stuff life is made of, but go to WESCOTT'S where you will find a snappy, up-to-date line of millinery and other goods. Ask us to show you the Merry Widow sailors and Lazy Daisy stamped waist pattern.

### STARR SAID TO LEAD

None Yet Have Taken Trail of Tyro Bank Robbers—Bandits Camped Within Ten Miles of Bartlesville.

Bartlesville, Ok., March 18.—It is stated tonight by D. F. Wallace, county commissioner of Washington county and formerly a receiver under Orle Morse of the Uncle Sam Oil company, that Tyro, Kas. bank robbers supposed to be headed by Henry Starr are camping within ten miles of this city on Panther creek in the Osage country.

Wallace returned to his home here tonight from a business trip out on Panther creek. He not only declares that the outlaws have changed their hiding place from the hills along Hominy creek but says that the third and heretofore unknown member of the gang is one of the Wycliffe boys from the Spavinaw hills country.

It was told today by one of Starr's best friends in the Osage country said Wallace that Starr was trying to get out of this country when he was headed off by the posse at Wann, Friday afternoon and was forced to go to the Keeler ford across the river below this city before he could cross and that he put him into the lower part of the Osage country.

Good Hiding Place.

Two months ago Starr and four other men were captured on Panther creek near west of this city. Their discovery there and the publication of the fact in Bartlesville caused them to break camp. I do not know that my informant knew what he was talking about he told me Henry Starr had seen him this morning and asked him if Panther was guarded near the north end. I saw where the men were camped last night. In view of the fact that the men were in camp out here two months ago and undoubtedly have food supplies laid away there and the additional fact that Starr was headed for this country when turned out of his path at Wann, I am inclined to believe the story.

The caves and bluffs and gullies in the Panther creek country west and north of here afford even better hiding places for outlaws than the south part of the Osage country and then those who know Starr argue that he would be liable to leave a part of the country where he is closely pressed. No posse left Bartlesville today looking for the outlaws and the old man-hunters are showing no disposition to prepare for the trip. Not till the rewards offered contain the old dead or alive clause of territorial days will the man-hunters of reputation take up the chase.

Starr a Dead Shot.

The ex-marshals who have been killing outlaws for rewards in this section for twenty years do not like the words arrest and conviction which the burglary insurance companies and states write into their offers of rewards. One of these old timers said tonight:

The man who goes after Henry Starr to bring him in alive and then wait for a conviction for his reward

has no snap Starr boasted here this winter that he did not intend to be taken alive again, and those who know him and know of his accurate marksmanship know that he would not submit to arrest. Under the rewards as offered now the man who kills Starr earns nothing except the enmity of the bandit's friends and relatives, of whom there are many.

Besides, I have seen Starr hit a target not larger than a man seven times out of eleven at a quarter of a mile, and that is pretty fair shooting for this kind of a fight. If Kansas or the burglary insurance companies will offer \$1,000 for the men dead or alive they will be delivered in two weeks.

### New Testament Conversions.

Evangelist Ewell will preach tonight at the First Christian church on the subject of New Testament Conversions. Service begins at 7:30. There will be a baptismal service at the close of the sermon at which time it is hoped that all who are candidates for baptism will be ready.

Tonight will be one of the most interesting of all the services so far as several have announced their desire of becoming Christians tonight.

It will be a time when every member should be present and enjoy the victory.

There will be no afternoon services for the rest of this week but the time will be used by the church for personal work to win souls.

Don't miss tonight's service.

Boy Drops Dead While Playing.  
Shawnee, Ok., March 18.—Marvin Wotham, aged 12 years, while playing with a number of boy friends on the lawn at his home on North Broadway suddenly threw up his hands and fell to the ground dying without speaking. Heart disease caused his death. He was a son of Col. W. L. Worcham, a leading citizen of this place.
